

# Merge Outpatient Radiology Solutions

A comprehensive and fully-interoperable solution suite for outpatient radiology

**Over 95% of radiologists will qualify for Meaningful Use,** bringing a \$1.5 billion opportunity to the cost-constrained radiology market.

You are operating an outpatient radiology practice in an increasingly competitive environment. You need to implement technologies and business solutions that make your practice more productive.

It would be ideal to have one comprehensive solution to help you differentiate your practice and grow your business, while managing your costs.

Now you can.

## How We Help You

Merge Outpatient Radiology Solutions is a tightly-integrated suite of imaging and information products that provide more efficient workflow, easy access to images, improved financials, real-time reporting, electronic records, and functionality to meet Meaningful Use.

Leveraging Merge's commitment to interoperability, Merge Outpatient Radiology Solutions can be completely integrated for a comprehensive radiology solution.

## With Merge Outpatient Radiology Solutions You Can:

Improve workflow and productivity

Create a competitive advantage with your referral and patient stakeholders

Work in a technologically-advanced environment

Improve revenue cycle management

Comply with all changing market regulations, including Meaningful Use and ICD-10

## Merge Outpatient Radiology Solutions

Merge Outpatient Radiology Solutions provide a suite of products designed to meet the specific needs of outpatient imaging centers, from improved workflow to image and document management and revenue cycle management to Meaningful Use. Merge Healthcare has been developing radiology software solutions for over 20 years and has worked closely with thousands of customers to deliver products that increase the long-term adoptability and satisfaction of users.

## Merge Outpatient Radiology Solutions
